HEALTHCARE

An Accomplished Team. Dilworth Paxson's Health Care Practice enjoys distinctive standing in the legal services community. Our attorneys hail from a diverse array of big firm, in-house, government and industry positions. These experiences allow us to handle the most significant, demanding and innovative health care transactions, initiatives and representations in the United States.

An Enviable Tradition of "Firsts". Dilworth Paxson's health care attorneys also led the way for a number of for-profit hospitals and rehabilitation providers to be the first to enter exclusively non-profit health care markets in a number of states; and we continue to cultivate for-profit/non-profit collaborations across industry niches today.

Creativity and Experience across Industry Niches. Our health care attorneys' expansive range of industry experience is enhanced not only by our colleagues in other Dilworth Paxson practice areas, but also by our relationships with valuation firms, financial service providers, management services companies and other professional health care service providers. We are proud of the accomplishments that these synergies have produced, which include: [READ MORE](#).
